

ACCESS TO OUR BANKING LOBBIES

Effective May 14, 2020, First National Bank of Griffin re-opened its banking lobbies for customer access. Though our lobbies are now open for regular banking hours, we have put in place some guidelines and restrictions for the mutual health and safety of our employees and you our valued customers.

LOBBY GUIDELINES

- We have added temporary floor markings to each of our lobby locations. These are in place to remind us to maintain appropriate social distancing while in our lobbies.
- Hand sanitizer, for customer use, has been placed in all of our lobbies. All customers are strongly encouraged to apply hand sanitizer prior to interacting with our banking staff.
- Kindly remove any hat or sunglasses when entering our lobbies.
- Our staff will be monitoring traffic levels in our facilities. If at any time we feel the number of customers in the lobby hinders our ability to maintain appropriate social distancing, we may ask that you remain outside until which time the number of customers in the lobby is within a safe range.
- Due to these health and safety precautions you may experience longer than normal wait times.

Thank you for your cooperation and understanding as we do our best to serve your needs, as well as the health and safety of our community. And as always, thank you for your loyalty and patronage as a customer of First National Bank of Griffin.

We've missed you!
